

MO NAHRO Commissioners Committee

Minutes

March 14, 2016

The MO NAHRO Commissioners Committee meeting was held March 14, 2016 in St. Charles, Missouri at the MO NAHRO Spring Conference with the Vice President, Donna Dunwoody being the only member present.

MO NAHRO President, Carole Branham, met with Donna and a discussion was held regarding lack of committee members for various reasons. It was noted that some of those reasons are as follows: commissioners are not always able to attend or travel due to health or physical limitations, many are retired and therefore they travel more, they are not paid to be at committee meetings, many are working and would either lose income due to being self-employed or would need to take vacation days to attend, some have families that would hinder traveling and with some, their agencies do not have enough travel funds for commissioners to attend.

Discussion regarding taking training to more areas throughout the state would be beneficial.

Also discussed that some commissioners would rather go to the Southwest NAHRO Annual Conference where there is more training available and an increased opportunity to network with other commissioners from six other states.

Respectfully submitted

Donna Dunwoody, VP Commissioners
